### Larry Clay

#### Founder + President

Larry's expertise and commitment to outstanding customer care and quality has earned Clay Construction top awards for custom home building. He is Past-President of the Homebuilders Association of Vancouver (HAVAN) and currently serves as the second Vice-President for the National Canadian Home Builders Association. He is the first Master Builder accredited through the Canadian Home Builder's Association of BC and continues to serve on numerous boards and committees. He is passionate about building healthy, comfortable, efficient, and durable homes.

### Mark Van Ek

#### Vice President + Chief Operating Officer

Mark is a registered PMP (Project Management Professional) and has 30 years' experience as a Project Manager in the construction industry. Mark also holds a Bachelor of Technology Degree in Construction Management from BCIT, is Gold Seal Certified through the Canadian Construction Association, and holds the AScT (Applied Science Technologist) and LEED GA (Leadership in Energy and Environmental Design Green Associate) designations. With tremendous expertise Mark maintains our client's confidence and satisfaction, delivering higher standards to all our projects.

### Amber Welton

#### Director of Sales + Marketing

Amber's goal for our clients is to make their new home build or renovation dreams not only a reality but as painless as possible. With a BBA from Kwantlen Polytechnic University, she has been in the interior design industry since 2007 and in renovations and custom new builds since 2013. Her passion, no matter which hat she's wearing, is working with people. Clay's reputation for Integrity, Quality and Transparency align with her personal values and she is proud of the way she can serve our clients as part of our team.
